

Health Care for ALL Oregon

HEALTH CARE FOR ALL SONGS

Health Care Everybody In

Tune: Hey Ho, Anybody Home
(Tempo 140/min. 4/4 time)

Health care everybody in
Health care for all is what we must begin
We shall overcome the barriers
Health care everybody in

Health Care For All

Tune: Music Alone Shall Live
(Tempo 180/min. 3/4time)

We think that health
care is a human right
Not a commodity
For some to profit by
And not a privilege
Just for the few

We tell the government
what it must do
Police and firefighters
Teachers and highway crew
Coast guard and libraries
And health care too

Health care for all helps
Our country stay strong
We all need health to stay
Able to work and play
Keep our society
Moving along

Why Is US Health Care Half As Good As Their Care?

*To the tune of: "Why Doesn't My Goose
Sing As Well As Your Goose?" (80/min 2/2)*

Why is US healthcare
Half as good as their care?
Twice the cost of their care?
Time for US to change!

If we think about our plight
Health Care Is a Human Right
We have just begun to fight
For Universal Care

This Plan Is Your Plan

*(Sung to This Land Is Your Land, with
thanks to Woody Guthrie.*

*Lyrics by Ellen Kare of San Raphael, Mike
Huntington, MD Corvallis.)*

This plan is your plan / This plan is my plan
From Ore-gon to / the New York Island
Healthcare for all is / All we're asking
This plan was made / For you and me.

Billions we'll save on / Administration
We'll lower costs through / Negotiation
With what we save, we'll / Treat every
patient
This plan was made / For you and me.

It covers dental / It covers vision
For all our children / And men and women
No need for co-pays/ Farewell deductibles
This plan was made / For you and me.

It's all-inclusive / It's universal
It really isn't / So controversial
Now we pay more for less / We're tired of
this mess
This plan was made / For you and me.

This plan is your plan / This plan is my plan
From Ore-gon To/ the New York Island
Healthcare for all is / All we're asking
This plan was made / For you and me.

My Pharmacy's Over the Border

*Tune: My Bonnie Lies Over The Ocean
raginggrannies.com + Mike Huntington MD,
Corvallis*

1. My pharmacy's over the border
I can't afford medicine here.
Would a good single payer plan fix things?
Well, drugs would be cheaper for sure.

REFRAIN: *Health Care, health
care,
We need single payer health care
right now
Health care, health care
We need single payer health care*

2. My co-pay gets bigger and bigger
My benefits begin to shrink.
A big chunk of cash goes to profits
We'd save a big bunch if we'd think.

REFRAIN

3. You can't do your work if you're ailing
You can't earn your bread from your bed
It's time we admit that we're failing
To move our great country ahead

REFRAIN
